Y. M. C. A. ON THE BORDER

as much social comfort as the conditions of the country and funds available, will permit.

It is erecting and equipping as rapidly as possible branch association buildings all along the border from Brownsville on the gulf to San Diego on the Pacific.

These buildings are large frame structures varying in size with the strength of the military command. They provide reading and writing rooms, magazines, books, letter paper, etc., lectures, concerts, talking machines, indoor and outdoor games, motion picture entertainments, a never empty barrel of ice water, a center of moral and religious influence, good fellowship and good cheer.

More buildings are needed. More money is needed. Five thousand dollars will build, equip and pay the running expenses of a branch for six months. Twenty-five more branches are needed and should be put in operation at once. All contributions should be sent to B. H. Fancher, treasurer, international committee Y. M. C. A., 124 East 28th street, New York, N. Y., toward the expenses of the Young Men's Christian association work among the troops on the Mexican border.

HOW OLD ARE YOU BY YOUR HAIR

You may be thirty in years, but if you are baldheaded or gray, people will surely take you to be many years older.

Dandruff is the root of most hair evils. If it were not for the little destructive germs working with a persistency worthy of a better cause there would be but little baldness, and less people prematurely gray.

Parisian Sage will help you to keep young looking and attractive.

It is guaranteed by William L. Gokuy, to make hair grow and stop falling hair; to remove every bit of dandruff; to stop itching of the scalp almost instantly.

Parisian Sage is one of the most invigorating, satisfying, and pleasant hair dressing made; it makes the hair soft, luxuriant and handsome; it is especially praised by women who love beautiful soft and lustrous hair. Parisian Sage is sold by druggists everywhere, and a large bottle never costs more than 50 cents.
